

INCLUDES:

1 x Gesipa Battery Powered Rivet Tool
2 x Battery

1x Carry case

Gesipa Riveting Tool

Gesipa Powerbird BT Cordless Rivet Tool.
Used in conjunction with Gesipa Bulbtite rivets, RV6605-9-6W (Drill size 7.8-8.2mm, 7.7 x 27.7mm length, 1.9-9.5mm grip range).

For use on installing all SRA's surface mounted anchor points

Working Range:

- Blind rivets from Ø 4.8mm steel up to Ø 6.4mm in all materials.

Design Features: Freedom:

- Versatile cordless riveting tool for outdoor and indoor applications.

High Performance:

- The PowerBird can set blind rivets up to 1/4" in all materials.

High Speed Setting:

- Constant forward and backward speed of the jaw assembly.
- Immediate repositioning of the jaw assembly after completion of the setting process saves energy and increases setting frequency.

High Reliability:

- Electronic control, no mechanical switching.
- Electronic temperature and overloading monitoring.
- High efficiency through ball screw drive with low energy dispersion.
- 3 piece anti-wear jaws.

Nosepieces:

- 3/16", 5mm, 6mm, 1/4"
- Extended nosepieces available.

Accessories:

- 1 Battery and Charger.
- Metal Carry Case.

Ergonomic Design:

- Ideal balancing and comfortable handle for low effort work.

Easy Operation:

- Exchange nosepieces and wrench stored in tool.
- Compact, shockproof plastic housing.
- Disposal of spent mandrel through action of gravity, either forwards through the nosepiece or backwards into the spent mandrel container.

Technical Data:

- Weight: 2.2Kg.
- Stroke: 20mm.
- Operating voltage: 14.4V.
- Traction power: 8.500N.
