RT-33

This robust long lever tool is handy for setting both Huck and Mono bolts rivets $\text{\O} 4.8\text{mm}$ ($3/16"$) and 6.4mm ($1/4"$). Also installs aluminium $5/16"$ or 7.9mm Huck rivets including Tri-bulbs and Bulb-tites.

The RT-33 is a tool with telescopic extending levers developed to increase the lever ratio and, therefore, decrease the effort in fastening the rivet providing a handy alternative to the air gun should you be infrequent users of Huck or Mono bolt rivets.

RT-33 Installations		
Type	Diameter	Material
Huck Rivet	3/16	All Material
	1/4	
	5/16	Aluminium

RT-33 Specifications	
Weight	1.7 Kg
Length 1	540mm
Length 2	480mm
Nose Diameter	24
